STAINLESS STEEL DISPLAYWARE

Beautiful heavy-duty stainless steel displayware designed for delis, buffets, and special event service. The modern hammered finish hides scratches for a longer life.

Double wall construction provides insulation to help with temperature retention with both hot and cold foods. Double wall construction with air insulation prevents sweating for a fresher looking display.

BALSAM DISPLAYWARE™

Be kind to the environment with this new melamine displayware that is made from 50% sustainable natural resources which are biodegradable.

Introducing Bavarian Cream colour that replicates the colour of china. The heavy weight nature of this melamine looks and feels like china without the replacement costs. Great for environments where food is prepared and displayed in front of the customer. Foods can be prepared in advance and stacked for storage and transportation when used with Palette Displayware Covers. Break-resistant.

MINI SERVING POTS & PANS

FEATURES

- Polished stainless steel and a riveted, brass handle make this range stylish and appearance is eye catching and classic.
- Minimal in size, but maximal in results
- This mini series is not only endearing, the small pots and mini sauté pans are also especially practical and versatile.
- The small pots with lid for example are ideal for serving soups or little casseroles.
- The small sauté pans are a nice alternative for serving a mini dish or dessert.
- Moreover, these small pots and sauté pans give an extra touch to your buffet.
- Practical: their heat conducting base allows them to be kept warm easily.
- The mini series is perfect for serving individual portions of stews or sauces and it looks great on the serving pass.
